Rating Policy and additional plan information

Rating policy for small group metal plans

Metal plan rates are calculated using 2 factors – rating area and member age.

■ Rate areas

- Businesses located in California: rates are based on the business's verified physical address (ZIP+4 and county).
- Businesses located outside of California are assigned to rating area 4.
- When a group is located outside the Kaiser Permanente service area, then only employees living in the service area are eligible to enroll based on their home address (ZIP+4 and county).

- **Member age** – Rates are calculated by the age of each covered member on the plan's effective date.

This includes:

- Your employee
- Employee's spouse or domestic partner
- A family will pay a premium per child up to 3 of the oldest children under age 21, each additional child after the third will be \$0.
- A premium will apply to every age from 21-26.

Child dental coverage

Child dental services is one of the essential health benefits required to be provided to dependents under 19 years old when enrolled in ACA-compliant metal medical plan(s). When these dependents enroll in your selected HMO medical plan(s), they will be enrolled in a separate child dental benefit underwritten by Delta Dental of California with services provided through the DeltaCare® USA network. When dependents enroll in your selected PPO medical plans, they will receive child dental PPO benefits as part of their coverage and not as a separate plan and with services provided through the Delta Dental PPO network.

What does "Alt" mean?
