Kaiser Permanente plans don't include a pre-existing condition clause.

Preventive services on this plan are available at no cost share. For a complete list of preventive services, please refer to the *Evidence of Coverage* or account.kp.org.

¹This is an embedded plan. For a family of 2 or more, an individual deductible is part of the family deductible. Each family member becomes eligible for copayments or coinsurance either after meeting his or her individual deductible or after the family collectively meets the family deductible. The same methodology applies to the out-of-pocket maximum.

²Out-of-pocket maximum is the maximum amount an individual or family will pay for certain services in a calendar year.

³Scheduled prenatal visits and the first postpartum visit

⁴Well-child visits through age 23 months

⁵Enhanced fertility coverage is available at additional cost, please contact your broker or Kaiser Permanente Representative for details.

⁶Prescription drugs are covered in accordance with our formulary when prescribed by a Plan physician and obtained at Plan pharmacies. A few drugs have different copayments; please refer to the *Evidence of Coverage* for detailed information about prescription drug copayments.

⁷Please refer to the *Evidence of Coverage* for information on what is included in your DME benefit. Coverage is limited.

⁸Kaiser Permanente members are entitled to a discount on eyeglasses and contact lenses purchased at Kaiser Permanente optical centers. These discounts can't be combined with any other Health Plan vision benefit. The discounts won't apply to any sale, promotion, or packaged eyewear program; for any contact lens extended purchase agreement; or to low-vision aids or devices. Visit kp2020.org for Kaiser Permanente optical locations.
