Why Kaiser Permanente?

We are an industry-leading nonprofit health care organization with over 70 years of experience. In our connected system, everyone works together toward the same goal: keeping your employees –and your bottom line–healthy.

As a small employer, you know that when employees miss work, it can mean lost profits and business opportunities. Instead of waiting for your employees to get sick or hurt, our care providers are incentivized to keep them healthy.

While other health plans talk about what they need to do to help businesses control costs, improve employee health, and build long-term success, we're already doing it. We're caregivers and a health plan working in concert to set the bar for quality, affordability, and service.

In 2024, **Kaiser Permanente led the nation** as the top performer in 99 HEDIS® (Healthcare Effectiveness Data and Information Set) effectiveness-of-care measures.¹

Of the 9 commercial health plans in Georgia rated by the National Committee for Quality Assurance, ours is the **top-rated plan in the state.**²

Care under one roof

At Kaiser Permanente facilities, your employees can often get care from everyone they need to see under one roof, including doctors, pharmacists, and lab technicians. Plus, they can schedule appointments, view most lab results, and more right from their computer or smartphone.

Enabling employees to choose where, when, and how they get care can reduce absenteeism, help them stay present and engaged when they're at work, and make it easier for them to stay on top of their health.

Switching is simple

You'd like to offer Kaiser Permanente to your employees because you care about their health and well-being. But you might think switching health care providers is complicated. Here's the good news: It's easier than you think.

Connect to care online

Once you get your ID card, create an account at **kp.org** or download the Kaiser Permanente app. It's easy and gives your employees access the ability to manage their care whenever and wherever they are.

Registering on kp.org

Once you get your ID card, the first step is registering on **kp.org**. Signing up is a snap, and it gives your employees access to convenient, time-saving features that can make it easier to manage their care.

Choosing a doctor

Quality care starts with quality doctors. And it's easy for your employees to choose one who meets their needs. They can browse online doctor profiles to review education, specialties, languages spoken, and other helpful information at **kp.org/doctors**. Also, members can change their doctor at any time, for any reason.

Transitioning care seamlessly

Easily move prescriptions so treatment is uninterrupted. At **kp.org/newmember**, your employees can see how easy it is to transition prescriptions to a Kaiser Permanente pharmacy near them. All they'll need is a prescription number and the name and number of their previous pharmacy. Our pharmacists will handle the rest, helping them get the medication they need.

Meeting members when and where they need care

Kaiser Permanente offers members options for how they connect with our exceptional providers. Both on-demand and scheduled care is available, allowing your workforce to thrive with better outcomes, all while saving them—and your business—time and money.

Care away from home

You're covered for urgent and emergency care anywhere in the world. And if you're planning to travel, we can help you stay on top of your health when you're away from home. We'll work with you to see if you need a vaccination, refill prescriptions, and more.

1 When appropriate and available. If you travel out of state, phone appointments and video visits may not be available due to stat laws that may prevent doctors from providing care across state lines. Laws differ by state.
2 To use the Kaiser Permanente app, you must be a Kaiser Permanente member registered on **kp.org**.
3 These features are available when you get care from Kaiser Permanente facilities.

About our pharmacies

Welcome to Kaiser Permanente

Use this guide to walk you through getting prescriptions and refills with us.

Getting started

If you're already taking prescription medications, we'll help you transition them to Kaiser Permanente.

✓ STEP 1– Make the call

Once you get your Kaiser Permanente ID card, call the dedicated New Member Desk number indicated on the sticker. If you don't have the sticker, no problem. You can always call **404-365-0966**.

Either way, we'll help schedule your first office visit with your new Kaiser Permanente doctor. If you need medication to last until then, we can usually help with that, too. After scheduling your doctor visit, we'll also arrange for a pharmacy telephone consult (before you run out of your current medications).

You also have the option to transition your prescription online. Go to kp.org/newmember and follow the steps to transition your prescriptions.

✓ STEP 2 – Visit your doctor

At your visit, we'll help make sure you have the medication that's right for you and covered by your plan. And we'll put your prescription in your electronic medical record so it travels with you to any Kaiser Permanente provider you see.

✓ STEP 3 – Fill your prescription

You can get your prescription filled at any one of the pharmacies located in our many Kaiser Permanente medical offices throughout metro Atlanta.

Note: Most plans have the option for you to get your initial prescriptions filled at one of our network pharmacies. Subsequent refills will be available only through Kaiser Permanente pharmacies, either at our facilities or through our mail order/home delivery option.

Remember, in order to be covered by your pharmacy benefit, your medications need to be:

- Prescribed by a Kaiser Permanente physician or one of our contracted providers
- Filled at a Kaiser Permanente or contracted network pharmacy, even if you used to get them filled somewhere else

Consumer-directed health care

Consumer-directed health plans are growing in popularity, and Kaiser Permanente is uniquely positioned to help you control your overall health care costs and achieve healthy outcomes. We strive to deliver plans that are simple and easy to use – not just for you, but for your employees.

Product pairings

Take advantage of Kaiser Permanente's paired consumer-directed health care offerings by choosing the plan and Health Payment Account that work for you.

HRA – Employees can use funds contributed by you to pay for qualified medical expenses on a tax-free basis. There are several HRA types available, from broad to more limited coverage, with options for point-of-service payment using our health payment card or convenient automatic reimbursement.

HSA – These employee-owned accounts can be used to pay for qualified medical expenses, including services not covered under the Kaiser Permanente health plan. The money your employees contribute to their HSAs through payroll withholding isn't considered part of their wages, so they won't be taxed on it. They can also contribute after-tax funds. Mutual fund investment options are available with HSAs as well.

FSA – With a medical FSA, your employees make pretax contributions to an account they can use to pay for a wide range of qualified expenses such as doctor visits, prescription drugs, and lab tests, including services not covered under the Kaiser Permanente health plan. A dependent care FSA can be used for any qualified child and dependent care expense, including child care.¹

¹ Refer to IRS Publication 502 for a list of qualified medical and dental expenses. Refer to IRS Publication 503 for a list of qualified child and dependent care expenses.

Health payment accounts

HRA	\$3.75 per account per month
HSA	\$3.25 per account per month
FSA	\$3.75 per account per month

Account fees are per employee account per month. They'll be billed monthly to the employer, separate from the premium.²

There are no additional setup fees for standard account types and no transaction or annual debit card fees.³

² Except for self-funded groups

³ For HSAs, employers may choose to have their employees billed for the administrative fees

Convenience your employees expect

- Online access to account balances, claims, contributions, and reimbursements
- Mobile access with our Balance Tracker app
- Support by phone with dedicated Health Payment Services team
- HSA calculators to help employees estimate their health care costs

See how easy health plan enrollment can be through the SHOP

The Small Business Health Options Program (SHOP) helps small businesses with 1-50 employees provide private insurance to their employees. It's also generally the only way to access the Small Business Health Care Tax Credit, which can save eligible employers up to 50% of their employer contribution.

To be eligible for SHOP coverage, you must:

- Have a primary business address within the Kaiser Permanente Georgia service area.
- Have at least one common-law W2 employee on payroll (not including a business owner or sole proprietor, or their spouse(s) on the payroll) to enroll in coverage.
- Offer coverage to all your full-time employees - those working on average of 30 or more hours per week
- Employ 50 or fewer full-time equivalent employees (FTEs). For example, 2 halftime employees generally equal 1 FTE. Visit [HealthCare.gov/shop-calculators-fte](https://www.healthcare.gov/shop-calculators-fte) to quickly calculate how many FTEs you have.

The Small Business Health Care Tax Credit

The Small Business Health Care Tax Credit can be worth up to 50% of your premium contributions (up to 35% for tax-exempt employers). To qualify for the tax credit, you must have all of these:

- Fewer than 25 full-time equivalent (FTE) employees
- An average employee salary of \$50,000 per year or less, adjusted yearly for inflation
- A contribution of at least 50% of your full-time employees' premium costs
- Employees enrolled in coverage through the SHOP

You don't need to offer coverage to your part-time employees (those working fewer than 30 hours per week) or dependents to qualify for the tax credit.

The Small Business Health Care Tax Credit Estimator at [HealthCare.gov/shop-calculators-taxcredit](https://www.healthcare.gov/shop-calculators-taxcredit) can help you determine if your business may qualify for the tax credit and how much it could be worth.

Kaiser Permanente Level Funded program

A self-funding option that gives you more control over your health care costs.

For businesses with 5 to 100 employees²

An option that minimizes your risk when claims are high and provides an opportunity to get money back if claims are better than expected

Helps keep employees healthy and manage costs through our connected care model

Our extensive offering of **no- and low-cost virtual care options** make it easy for employees to access convenient care with fewer higher-cost claims.

Pre-designed EPO, HDHP, and PPO plans, with some flexibility for customization

Integrated medical/pharmacy benefit included. Pharmacy cannot be carved out

Kaiser Permanente Plus plans

Quality care when and where it works for you

KP Plus is a new and affordable option giving employees access to high-quality care from KP and affiliated providers plus the flexibility to get care from out of network providers for a limited number of visits.

Comprehensive coverage from Kaiser Permanente doctors and facilities as well as affiliated providers

The option for up to 10 out-of-network physician visits or other medical services, and 5 prescription fills per year

Preventive care services, such as routine physicals, well-child visits, and certain screening tests, with \$0 copay

Generally lower out-of-pocket expenses and monthly rates when compared to a typical PPO plan

Contact your sales executive to request a level funded quote.

¹ Kaiser Permanente Level funded is not an insurance product, but a set of administrative services provided by Kaiser Permanente Insurance Company (KPIC) under a contract between KPIC and the Plan Sponsor (Employer). KPIC will act as the self-funded plan administrator.

² You must have 20 enrolled employees to participate in the Kaiser Permanente Level Funded program.

Offer your employees choice and flexibility

Our Dual Choice PPO¹ plans offer the cost effectiveness and value of Kaiser Permanente’s integrated delivery system, but also provide the choice and flexibility of a PPO. It’s a solution that gives you and your employees the best of both worlds.

Freedom to see any doctor

Your employees can see any doctor in- or out-of-network. Each time your employees need care, they can see:

- Kaiser Permanente Providers
- Network providers, including the PHCS™ network² when getting care in a Kaiser Permanente state, or from the Cigna Healthcare PPO Network when you get care outside a Kaiser Permanente state, offers thousands of providers in metro Atlanta and hundreds of thousands nationwide.³
- Out-of-network providers or any licensed providers

No other PPO can offer access to Kaiser Permanente medicine.

¹ The Dual Choice PPO is fully underwritten by Kaiser Permanente Insurance Company (KPIC), a subsidiary of Kaiser Foundation Health Plan (KFHP), Inc.

² Kaiser Permanente Insurance Company (KPIC), a subsidiary of Kaiser Foundation Health Plan, Inc., underwrites the Dual Choice PPO plan. KPIC has contracted with PHCS, a subsidiary of Multiplan. Some services require precertification. For more information, see your Certificate of Insurance (COI).

³ The continued participation of any one provider or medical facility cannot be guaranteed. Before getting care from a provider, call Customer Service at 1-855-364-3185 or visit kp.org/dualchoice-georgia and click "Finding Doctors and Locations" to verify the provider's participation.
