Choosing a dentist

For a list of participating dentists—or information about a particular dentist, such as office hours, directions, or languages spoken—visit **LibertyDentalPlan.com/kaiserdentists** or call LIBERTY Dental Plan Member Services at **1-888-650-1859** (TTY **711**), Monday through Friday, 8 a.m. to 8 p.m.

Specialty care is also available in many locations without a referral. Services received from nonparticipating dentists are not covered.

Quality dental care

You can be confident that your dentist was carefully selected to offer quality care. All participating dentists go through a strict quality assurance program developed in accordance with recommendations from the National Association of Dental Plans. This process confirms that each dentist has the required credentials and has passed a thorough on-site office evaluation.

How does the comprehensive plan work?

After your effective date of coverage, you can make an appointment with a participating general dentist. Make sure you bring your LIBERTY Dental Plan ID card to your appointment. And you'll have virtually no paperwork and no pre-existing condition exclusions to worry about.

Dedicated member service

Knowledgeable LIBERTY Dental Plan Member Services specialists are available Monday through Friday, 8 a.m. to 8 p.m. to answer questions about coverage and help you find a participating dentist—and their voice response system is available 24 hours a day. A full list of participating dental providers is available online.
