

2026 Oregon Traditional, Deductible, and HDHP alternative care benefit (acupuncture, chiropractic, massage therapy) options

This benefit covers self-referred acupuncture, chiropractic, and/or massage therapy services when obtained from participating providers.

Groups can select independently from the options below to meet needs for coverage of services, cost shares, and visit limits.

Self-Referred Services	Cost Share Options*	Visit Limit Options
Acupuncture	\$10/\$25/\$40	12 or 24
Chiropractic	\$10/\$25/\$40	20 or 30
Massage	\$25	12

Office visits

Members do not need a referral to make an appointment. There is no claim form to file. Cost shares are directly paid to the provider when members receive care. Once the visit limit has been reached, members pay 100% of the cost of services for the remainder of the calendar year. For additional visits, members receive a discount of up to 20% when a provider from the CHP network is used.

Participating providers

We contract with The CHP Group, a network of alternative care providers, to provide covered services to members. Visit chpgroup.com for a list of participating providers or contact Member Services.

Acupuncture services

Acupuncturists influence the health of the body by the insertion of very fine needles. Acupuncture treatment is primarily used to relieve pain, reduce inflammation, and promote healing. Covered services include:

- Evaluation and management.
- Acupuncture.
- Electro acupuncture.

Chiropractic services

Chiropractic and manual manipulation of the spine, joints, or soft tissue focuses on reducing pain and improving the function and structure of the body. It is a system of therapy that involves noninvasive care promoting science-based approaches to a variety of ailments. Covered services include:

- Evaluation and management.
- Musculoskeletal treatments.
- Physical therapy modalities such as hot and cold packs.

When prescribed during a chiropractic visit, X-ray procedures may be covered, as described in the *Evidence of Coverage (EOC)*. Members pay the same cost shares they would pay for these services when provided at participating facilities.

*If added to an HSA-qualified deductible plan, this benefit is subject to the deductible.

Information in this brochure was accurate at the time of production. Details may have changed since publication. This is not a contract. This benefit summary does not fully describe your benefit coverage with Kaiser Foundation Health Plan of the Northwest. Please see your *Evidence of Coverage (EOC)* for complete details of benefits as well as exclusions and limitations. In the event of a conflict between this summary and the EOC, the EOC will control.

Massage therapy services

Therapeutic massage involves the manipulation of soft tissue structures of the body to help alleviate pain, muscle discomfort, and stress by helping to promote health and wellness. Covered services include therapeutic massage procedures.
