All the options and then some

Unparalleled choice

Dental Choice (PPO) has all the advantages of other preferred provider dental plans on the market. With Dental Choice (PPO), you can:

- **See any dentist you want.** Our Dental Choice (PPO) covers care from any licensed dentist. So if you want to stay with your current dentist, you're already covered.
- **Find a great dentist.** Need a new dentist? We can help. Dentists in our network must meet rigorous standards before they can join. Our dentists combine personalized care with the best available scientific research on prevention and treatment.
- **Save money.** You'll pay lower out-of-pocket costs when you see a participating dentist.
- **Get care when traveling.** With more than 200,000 network dentists nationwide at over 440,000 locations, you can find a participating provider almost anywhere. Or you can see a nonparticipating dentist if you wish.
- **Get care without a referral.** You won't need a referral to see an oral surgeon, periodontist, or other specialist. (However, some individual specialists may not see patients without a referral from a general dentist.)

	Sarah In-Network	Julie Out-of-Network
Dentist charges	\$550	\$750
Kaiser Permanente dental plan pays 50%	-\$275 (Kaiser Permanente in-network fee applies)	-\$375
Out-of-pocket costs	\$275	\$375

Dentists have different policies, hours of operation, and procedures for accepting new patients and making appointments. Some charge fees for emergency appointments or missed appointments. These fees are not covered by this plan and should be discussed with your dentist and/or dental office staff.

Frequently asked questions

How many dentists are in the Dental Choice network?

Dental Choice has more than 200,000 participating dentists nationwide at over 440,000 locations. Or find a dentist closer to home with your choice of more than 6,000 dentists in Oregon and Washington (including those in Kaiser Permanente dental facilities). This includes more than 50,000 specialists. Participating dentists also agree to accept negotiated discounts as payment in full. This means you will have no balance billing for any covered services you receive from a participating provider.

Do I have to use a network dentist to receive benefits?

No, you can visit any licensed dentist and still receive your dental benefit. However, you will receive the highest level of benefits available in your group's program by choosing an in-network dentist. When you visit a participating dentist, you have the opportunity to maximize your benefit plan with access to negotiated network fees, resulting in lower out-of-pocket expense.

How do I locate participating dentists?

To find a participating dentist, visit kp.org/dental/nw/ppo. You may also call Dental Choice Customer Service toll-free at **1-866-653-0338**. Hours of operation are Monday through Friday, 7 a.m. to 7 p.m. Pacific time, except major holidays.

Available online features:

- Print, view, share, or request an ID card.
- Find a network dentist.
- Review deductible and out-of-pocket status.
- Access your claims and explanation of benefits.
- Access forms.
- 24-hour-a-day ability to email Customer Service with questions.

Online Member Portal

Sign up for the online member portal to easily access and manage your dental care online.

Where to sign up depends on where you receive care:

1. If you visit a Kaiser Permanente Dental facility

- Sign up at kp.org
- Or call our Appointment Center at **1-800-813-2000**. For TYY, call **711**. For language interpretation services, call **1-800-324-8010**.

(This applies to both PPO and HMO members)

2. If you visit a PPO Dental Choice provider outside of our KP facilities

- Sign up at kp.org/dental/nw/ppo

(Go to Member Resources)

I already have a personal dentist. Can I still see them?

Yes, you may see any dentist you choose. However, you'll receive the highest level of benefits if you choose a participating provider. When you visit a participating dentist, you pay your share of negotiated fees. This means lower out-of-pocket costs.

The dentist I want to use does not participate in your network. Is there anything I can do to encourage them to participate?

Yes, our dental network may add a dentist if the dentist meets our credentialing standards. Please have your benefit administrator contact the Kaiser Permanente Dental Choice team for more information.

Can dependents visit a different dentist than I do?

Yes, dependents have the freedom to choose any dentist.

Can I change dentists?

Yes, you may change dentists as many times as you like. However, we encourage you to find a personal dentist you feel comfortable with and want to stay with. Your dentist will become familiar with your dental history and needs.

How do I get reimbursed if I visit a nonparticipating dentist?

If you see a nonparticipating dentist, you may need to pay the entire bill at the time of the visit. The charges could be higher than what you would pay for the same service from a participating provider. You or your dentist must submit a claim form to Kaiser Permanente Dental Choice. We will send you an explanation of your benefits and reimbursement, according to your plan. If you have questions about claims or benefits, please call Customer Service toll-free at **1-866-653-0338**.

QUICK REFERENCE NUMBERS AND WEBSITES

You can find answers to many questions on our website, **kp.org/dental/nw/ppo**. You may also call Customer Service toll-free at **1-866-653-0338**, Monday through Friday, 7 a.m. to 7 p.m.

To make an appointment at one of our dental offices, call our appointment center at **1-800-813-2000 (TTY 711)**.

What is a negotiated network fee?

A negotiated network fee refers to a discounted schedule that participating in-network dentists agree to accept as payment in full for services rendered. All in-network dentists have agreed to accept the negotiated fees as payment in full for covered services rendered, and there is no balance billing.

Do you require prior authorization for any services?

Your dentist must submit a request for prior authorization. This typically applies to major services such as crowns, bridges, dentures, periodontal services, and oral surgery. For periodontal scaling and root planing, your dentist must send the treatment plan and necessary X-rays or periodontal charting to Kaiser Permanente Dental Choice. The mailing address is:

Kaiser Permanente Dental Choice
P.O. Box 6927
Columbia, SC 29260

A representative will review the procedure or procedures and send a response to you and your dentist.

Can I find out in advance how much a service will cost me out of pocket? Can I get an estimate of what will be covered?

Yes, you or your provider may request a pretreatment estimate to find out what your benefits will be. We'll send both you and your provider an estimate that shows what services will be covered and at what level.

What happens after I fill out my enrollment form? How will I know when I can start using my coverage?

You will be eligible for coverage starting on your group's effective date. Check with your group's benefits administrator to find out the date. We will send a welcome packet with information on how to use your coverage. It will also include ID cards for the enrolled members of your family. Your Dental Choice (PPO) *Evidence of Coverage*, which explains your plan, will be mailed separately.

Do I need an ID card to receive services?

No, you do not need to show your ID card to receive services. You can tell your dentist that you are enrolled in the Dental Choice (PPO) plan. Your dentist can call **1-866-653-0338** for verification. However, we encourage you to carry your ID card for your and your provider's convenience.

If I have questions about my plan, who should I call?

Call **1-866-653-0338** for any question regarding your PPO plan.
