

2026 pediatric dental coverage

Although coverage for adults 19 and older is optional, the federal government requires dental coverage for any person 18 and younger. This coverage is referred to as pediatric dental coverage. When you select a Kaiser Permanente medical plan, it will be paired with the pediatric dental plan that is offered by Delta Dental of Washington unless you select one of the 2 Delta Dental family plans that include this coverage. Here is a summary of Delta Dental’s pediatric dental plan benefits.

Visit a participating Delta Dental network dentist

To get the most from your benefits, we encourage you to see a participating dentist. These dentists contract with Delta Dental to provide services at discounted fees and file all claims for you. Dentists who are part of Delta Dental’s networks will not charge more than their approved fees and cost you less than out-of-network dentists.

You may choose any licensed dentist to provide services under this plan. However, if you go to an out-of-network dentist, Delta Dental has no control over their fees. Employees will be responsible for submitting their claims and paying any difference in the charges. That is called balance billing.
