

Kaiser Permanente's Mobile App Transcript

The Award-Winning Kaiser Permanente App simplifies health and wellness for you and everyone on your plan. With tools to manage care in one convenient place day or night. Make appointments, order medication, and check benefits and billing – all with just a few swipes on your phone. Connect by chat, send messages to your care team, and schedule time to meet by phone or face to face.

Access on-demand care with a Kaiser Permanente clinician 24/7, across the U.S. Our integrated pharmacy lets you set up prescription refill alerts and order medications for pickup or delivery straight to your home. Stay on top of everyone's health with reminders for upcoming appointments, vaccinations, and even when to take your medication. Access your medical history, lab results, doctor's notes and more.

Since Kaiser Permanente offers both care and coverage, use the app to check statements, submit claims, and pay your bill. If you're new to Kaiser Permanente, our mobile app makes it easy to get started with your care. Choose your primary care doctor, transfer your prescriptions, and schedule your first appointment. Whether you're using our app to manage your care, visiting us in-person or online, Kaiser Permanente offers the convenience and flexibility for all that is you.
