Maintain Don't Gain weight management toolkit

Those extra pounds employees gain over the holidays can be hard to shed. And obesity is associated with significant health costs to employers:*

That's a savings of **\$4,237** per employee for your business.†

* Van Nuys, PhD, et al., *American Journal of Health Promotion*, May/June 2014.
† All values expressed in 2011 dollars.

Welcome to your *Maintain Don't Gain* toolkit

It's no secret that the holidays can lead to unintended weight gain. But by participating in this no-cost, eight-week program, you can help your employees maintain their best health from Halloween through New Year's Day. It's an easy way to get your organization on the path to workforce health. And it can lead to big changes—from higher morale and reduced stress to lower health care costs for you and your employees. Here's what's included in this customizable toolkit:

Promotional materials – posters, fliers, and more – to engage your employees

Weekly campaign emails to keep your employees focused, motivated, and on a healthy path

Walking for Workforce Health Toolkit to help you launch a walking program and make environmental changes to your workplace

Healthy Meetings Guide to integrate simple, healthy habits into your meetings

Success tracker to keep track of the great work your employees are doing to stay healthy
