Finding Balance stress management toolkit

kp.org/workforcehealth
6 in 10 employees identify work as a significant source of stress.

The Harris Poll on behalf of APA, August-September 2019.
Welcome to your Finding Balance toolkit

Stress in America is on the rise – and the leading causes of stress are money and work. Workplace stress is estimated to cost employers up to $600 billion a year due to reduced productivity, health problems, and absenteeism.* But with this easy-to-use toolkit, you can help your employees start on the path to a less stressed life. Here’s what’s included:

8 weekly emails to guide your employees through the program, plus a promotional email to kick things off

A poster and flyer to promote the program and encourage your employees to participate

An employee guide with facts and tips about stress management

A workbook with activities that help employees see how stress is affecting them, and what they can do about it

All of these tools and resources are available in both English and Spanish.

COVID-19 disclaimer:
Kaiser Permanente supports the health of you and your employees. However, due to the pandemic, some of the tips and tools provided in this kit may not align with COVID-19 worksite safety guidelines. For CDC-recommended safety guidelines for COVID-19 prevention, please visit cdc.gov or contact your Kaiser Permanente representative.
Maximize your program’s impact with this hands-on action guide. It’s designed for flexibility to fit your organization’s needs – and improve engagement by helping employees find healthy ways to manage stress. Simply check off the boxes as you go through the four steps of a successful program:

1. **Assess**
   - Use data to learn where your organization stands on workforce health.

2. **Plan**
   - Set goals, schedule events and activities, and develop a communications strategy.

3. **Engage**
   - Launch and promote the program to your workforce.

4. **Measure**
   - Evaluate your program’s success and set future goals.
